ACTION SETTLEMENT

1 I, ERIC A. NORDSKOG, declare as follows:

2 1. I am a Client Services Director with A.B. Data, Ltd. (“A.B. Data”), a nationally
3 recognized class action administration firm. I am submitting this declaration to provide the Court and
4 the Parties to the above-captioned action (“Action”)¹ with information about the procedures and
5 methods to be used to provide notice of the proposed Settlement to Class Members, and the
6 administration of the claims process. The following statements are based on my personal knowledge
7 and information provided by other A.B. Data employees working under my supervision, and if called
8 on to do so, I could and would testify competently thereto.

9 2. A.B. Data has successfully implemented notification and claims administration
10 programs in hundreds of class actions, including many securities class actions in the Central District of
11 California. A.B. Data’s staff consists of experienced certified public accountants, information
12 technology specialists, and various other professionals with substantial experience in notice and claims
13 administration. Members of our team have administered many of the most noteworthy securities class
14 action settlements in recent years. A.B. Data’s experience in the field includes many securities class
15 action settlements in the Central District of California and Ninth Circuit, such as in *Longo, et al. v. OSI*
16 *Systems, Inc., et al.*, No. 2:17-cv-08841-FMO-SKx (C.D. Cal.) (\$12.5 million settlement); *Jiangchen*

2 capabilities, and lists of representative cases and clients, is set forth in A.B. Data's firm resume,
3 attached hereto as Exhibit A.

4 3. A.B. Data was selected to serve as Claims Administrator for this Action, subject to the
5 approval of the Court, after submitting a detailed proposal in response to a request for proposal received
6 from Lead Counsel. A.B. Data's proposal included information on its proposed pricing for the
7 engagement, including its per-claim fees for claims processing and per-unit fees for others costs such
8 as printing notice postcards, postage, telephone, and website services. A.B. Data will not receive any
9 additional revenue beyond what is detailed in its proposal. A.B. Data also confirms that it does not
10 have any financial arrangements with any third parties that are related to the administration of the
11 Settlement.

12 4. A.B. Data has numerous control systems and procedures in place to ensure the secure
13 handling of class members' data that we believe meet or exceed relevant industry standards. A.B. Data
14 accepts responsibility for security of Claimants' data; accurate calculation of Claimants' claims
15 pursuant to the Court-approved Plan of Allocation, subject to guidance received from Lead Counsel;
16 and accurate distribution of funds pursuant to a Class Distribution Order to be entered by the Court.
17 A.B. Data maintains adequate insurance in case of errors, which includes (a) professional liability
18 errors and omissions insurance coverage; (b) a fidelity bond for employee dishonesty losses (plus
19 additional computer fraud and wire transfer communication fraud coverages); and (c) network and
20 information security liability coverage.

21 5. A.B. Data affirms that data provided to it by Snap Inc. ("Snap"), brokers and nominees,
22 and Claimants for the purposes of providing notice and administering the Settlement will be used solely
23 for those purposes.

24 **Proposed Plan for Disseminating Notice of the Settlement to the Class**

25 6. The proposed notice plan for the Settlement in this matter uses customary procedures
26 that have been widely adopted in securities class action cases and which have been designed to provide
27 direct mail notification to all investors who are members of the Class and who can be identified with
28

1 reasonable effort, as well as additional notice through publication in a relevant financial publication,
2 newswire, and over the internet.

3 7. As set forth in the proposed Order Preliminarily Approving Settlement and Providing
4 for Notice (the “Order”), no later than twenty (20) business days after entry of the Order (which date
5 shall be the “Notice Date”), A.B. Data will mail, or email, to the extent email addresses are made
6 available, the Postcard Notice to all Class Members who can be identified with reasonable effort.

7 8. In accordance with the Order, Snap shall provide or cause to be provided to A.B. Data
8 in electronic format records reasonably available to Snap or its transfer agent (consisting of names,
9 mailing addresses, and, if available, email addresses) of the record purchasers of Snap Securities during
10 the Class Period. This information will be kept confidential and not used for any purpose other than to
11 provide notice of the Settlement.

12 9. Additionally, as in most class actions of this nature, the large majority of Class Members
13 will be beneficial owners who hold their securities in “street name,” *i.e.*, the securities are purchased
14 by banks, brokers, and other nominees (“Nominees”) in the name of the Nominee on behalf of the
15 beneficial owner.³ Accordingly, to effectuate notice to the majority of the Class, A.B. Data will mail a
16 Postcard Notice to its list of the largest and most common Nominees who may have purchased Snap
17 Securities for the beneficial ownership of other persons and entities.⁴

18 10. The Notice will inform Nominees that if they purchased or otherwise acquired Snap
19 Securities during the Class Period for the benefit of another person or entity they must: (a) within seven
20 (7) calendar days of receipt of the Postcard Notice, request from A.B. Data sufficient copies of the
21 Postcard Notice to forward to all such beneficial owners and within seven (7) calendar days of receipt
22 of those Postcard Notices forward them to all such beneficial owners; or (b) within seven (7) calendar
23

24 ³ As stated by the U.S. Securities and Exchange Commission (“SEC”), “[a]pproximately 85% of
25 exchange-traded securities are held by securities intermediaries, such as broker-dealers and banks, on
26 behalf of themselves or their customers.” *See*
<https://www.sec.gov/spotlight/proxyprocess/proxyvotingbrief.htm>.

27 ⁴ Currently, A.B. Data’s list of Nominees contains approximately 4,398 Nominees. This list is
28 continually monitored and updated as Nominees change addresses, merge, go out of business, and/or
come into existence.

1 days of receipt of the Postcard Notice, send a list of the names and mailing addresses of all such
2 beneficial owners to A.B. Data, after which A.B. Data will promptly mail the Postcard Notice to such
3 beneficial owners. In determining whether a nominee's expenses are reasonable, a reimbursement of
4 \$0.03 per mailing record provided (or bulk Postcard Notices requested) shall be considered as the
5 maximum for any research and administrative costs (or any other costs other than actual postage cost
6 incurred).

7 11. A.B. Data will also submit the Notice to the Depository Trust Company ("DTC") to
8 post on the DTC Legal Notice System ("LENS"). LENS enables DTC member banks and brokers to
9 review the Notice and contact A.B. Data directly to obtain copies of the Postcard Notice for their clients
10 who may be potential Class Members.

11 12. As requests for notice are received, A.B. Data will mail Postcard Notices (in bulk) to
12 Nominees, or directly mail or email the Postcard Notice to potential Class Members identified by
13 Nominees. A.B. Data will also disseminate the Postcard Notice to any other persons or entities
14 requesting them or other points of contact for potential Class Members as appropriate. Any notices that
15 are returned as undeliverable will be reviewed to determine if an alternative or updated address is
16 available from the U.S. Postal Service or through a third-party vendor to which A.B. Data subscribes
17 and will be re-mailed to the updated or alternative address, if available.

18 13. To supplement direct mailed or emailed notice to potential Class Members, A.B. Data
19 will cause the Summary Notice to be published in *The Wall Street Journal* and be transmitted over *PR*
20 *Newswire* no later than ten (10) business days after the Notice Date.

21 14. Simultaneously with the initial mailing of the Postcard Notice, A.B. Data will establish
22 a settlement-specific website, www.SnapSecuritiesSettlement.com ("Settlement Website"), where
23 Class Members can access and download copies of the Notice, the Proof of Claim, the Stipulation, and
24 other documents related to the Settlement.

25 15. A toll-free telephone number, 1-877-777-9249, and dedicated email address,
26 info@SnapSecuritiesSettlement.com, will also be established and staffed with customer service
27 representatives trained to answer questions about the Settlement. Both the toll-free telephone number
28

1 and dedicated email address will be displayed, in multiple places, in the notices, Proof of Claim, and
2 on the Settlement Website.

3 16. In A.B. Data's opinion, the proposed notice plan provides the best notice practicable
4 under the circumstances, is consistent with the requirements of Rule 23 and the Private Securities
5 Litigation Reform Act, 15 U.S.C. §78u-4 (the "PSLRA"), and is consistent with other similar court-
6 approved security class action notice programs. *See, e.g., Jiangchen v. Rentech, Inc., et al.*, No. 2:14-
7 cv-01490-GW-FFM (C.D. Cal.); and *Electrical Workers Pension Fund, Local 103, I.B.E.W., et al. v.*
8 *HP Inc., et al.*, No. 3:20-cv-01260 (N.D. Cal.) (approving postcard notice programs).

9 **Information on Settlement Administration, Estimated Class Size,**
10 **and Number of Potential Claims**

11 17. In developing the proposed notice plan for the Settlement, A.B. Data was asked to
12 provide a rough estimate of the number of potential Class Members and, relatedly, the number of
13 Postcard Notices to be mailed or emailed. As noted above, the majority of potential class members for
14 any securities class action are beneficial owners who hold their securities in "street name." Because of
15 this street name system, even corporate entities often do not know the identity of the vast majority of
16 their shareholders. Thus, in estimating class size for any securities case, A.B. Data uses historical
17 settlement data from other securities class action settlements that A.B. Data has administered,
18 particularly those settlements of similar size and/or involving companies with similar market
19 capitalization and numbers of shareholders. Based on the trading volume of Snap Securities during the
20 Class Period, A.B. Data estimates that it will mail and/or email approximately 500,000 copies of the
21 Postcard Notice to potential Class Members and nominees.⁵

22 18. Based on A.B. Data's experience, the substantial majority of large value valid claims
23 will be filed by institutional investors. Many, if not most, institutional investors such as mutual funds,
24 endowment funds, hedge funds, commercial banks, insurance companies, and pension funds (both
25 public and union) file, or hire a third-party claim filing service to file claims on the institutional
26

27 ⁵ To be clear, the number of Class Members will be a subset of the number of Postcard Notices sent.
28 Not every person or entity that receives a Postcard Notice will be a Class Member.

1 investor's behalf. Because institutional investors typically file the largest claims in a case, these
2 investors typically receive the largest portion of the Net Settlement Fund. Accordingly, it is A.B. Data's
3 expectation that here, as in most other securities class actions, institutional investors will file the largest
4 claims in the Action and receive the bulk of the Net Settlement Fund.

5 19. Class Members who wish to become potentially eligible to receive a distribution from
6 the Settlement will be required to complete and submit to A.B. Data a properly executed Claim either
7 by mail or online through the Settlement Website such that it is postmarked (if mailed) or received no
8 later than the claims-submission deadline established by the Court, together with adequate supporting
9 documentation for the transactions and holdings in Snap Securities reported therein.

10 20. Each Claim received by A.B. Data will be reviewed upon receipt to verify that all
11 required information has been provided. The documentation provided with each Claim will be reviewed
12 for authenticity and compared to the information provided in the Claim to verify the Claimant's identity
13 and the purchase/acquisition, sale, and holding information. A.B. Data will process each Claim in
14 accordance with the Court-approved plan of allocation using the loss calculation module developed for
15 the Settlement.

16 21. If a Claim is determined to be defective, a deficiency notification will be sent to the
17 Claimant, via letter or email, describing the deficiency in the Claim including, where applicable, what
18 is necessary to cure the deficiency. The deficiency notification will also advise Claimants how much
19 time they have to submit the appropriate information and/or documentary evidence to complete/cure
20 their Claim. If the deficiency in the Claim is not cured, the Claim will be recommended for rejection
21 (in whole or in part). The deficiency notification will also advise Claimants of their right to contest
22 A.B. Data's administrative determination with respect to their Claim and to request Court review of
23 their Claim.

24 22. After the Claims (and responses to deficiency notifications) have been fully processed,
25 quality assurance reviews performed, and final administrative determinations have been made as to
26 which Claims are valid, A.B. Data will distribute the net Settlement proceeds to eligible Class Members
27 *pro rata* based on each Claim's recognized loss amount as calculated pursuant to the Court-approved
28

1 plan of allocation, the total recognized losses of all eligible Claims, and the amount available for
2 distribution.

3 23. Distributions from the net Settlement proceeds will be sent to eligible Class Members
4 via check or wire with, in the case of check payments, a specified period for each Claimant to cash
5 their payment (60 or 90 days).⁶ For any checks that are not cashed, A.B. Data will conduct an outreach
6 campaign to encourage cashing and to provide Claimants with reissued checks where applicable.

7 24. The procedure described above is the standard claims administration process for all
8 securities class action settlements handled by A.B. Data.

9 **Estimated Administration Costs**

10 25. Based on A.B. Data's experience with securities settlements with similar numbers of
11 shareholders, we estimate that administering the settlement notice, claims processing, and settlement
12 distribution aspects of this proposed Settlement will generate professional services fees and expenses
13 of approximately \$665,000 to \$750,000 as well as approximately \$250,000 in expected fees and
14 expenses charged by brokers and nominees for providing names and addresses of potential Class
15 Members or for forwarding the Postcard Notice to their clients. Utilizing electronic mail where
16 appropriate and disseminating a postcard notice rather than notice packets containing a long-form
17 notice substantially reduces administrative costs without negatively impacting effectiveness.

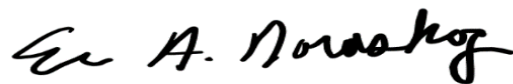

18 26. Accordingly, A.B. Data estimates that the total Notice and Administration Costs will be
19 approximately \$915,000 to \$1,000,000, which is approximately 1.5% of the proposed Settlement
20 Amount. This percentage is reasonable in relation to the value of the Settlement and is consistent with
21 or below the administration costs incurred in other securities class action settlements. *See, e.g., In re*
22 *Oracle Corp. Sec. Litig.*, Case No. 18-cv-04844-BLF, Dkt. No. 128-3, ¶ 12 (N.D. Cal. July 11, 2022)
23 (estimated notice and claims administration costs of \$1.6 million, representing 9% of settlement); *In re*
24

25 ⁶ Due to the expenses associated with administering claims, A.B. Data recommends that no
26 distributions be made to Claimants who would receive less than \$10.00. These expenses include the
27 costs of printing and mailing a check, as well as monitoring whether the check has been cashed, all of
28 which could easily exceed the value of such smaller claims. It is standard practice in securities class
actions to utilize a minimum check threshold, and it is commonplace to use \$10.00 as the minimum
amount.

1 *Facebook, Inc. IPO Sec. & Derivative Litig.*, MDL No. 12-md-2389, Dkt. No. 613, ¶ 40 (S.D.N.Y.
2 Mar. 18, 2021) (actually incurred notice and claims administration costs of \$3.6 million, representing
3 10.4% of settlement); *In re General Electric Company Securities Litigation*, Civ. No. 09-CIV-1951
4 (DLC), Dkt. No. 246, ¶ 50 (S.D.N.Y. August 18, 2014) (actually incurred notice and claims
5 administration costs of \$4.3 million, representing 10.7%); *Första AP-Fonden and Danske Invest*
6 *Management A/S v. St. Jude Medical, Inc.*, Civil No. 12-3070 (JNE/HB), Dkt. No 314, ¶40 (D. Minn.,
7 May 4, 2018) (actually incurred notice and claims administration costs of \$1 million, representing
8 2.5%). In A.B. Data's experience, the notice process, claims process, and estimated fees and expenses
9 outlined above are reasonable in relation to the value of the Settlement, and consistent with or below
10 those incurred in other securities settlements of similar size and complexity.

11 27. The foregoing amounts are estimates and the ultimate cost of this administration could
12 change if the number of Postcard Notices mailed is substantially greater (or smaller) than A.B. Data's
13 estimate or if the number of Claims received is substantially greater (or smaller) than the estimate. In
14 addition, the costs of this administration could be impacted by any out-of-scope work encountered
15 during the course of the administration. A.B. Data will always strive to keep costs down whenever
16 possible.

17 I declare under penalty of perjury that the foregoing is true and correct.
18 Executed this 27th day of October 2025.

CAPABILITIES

About A.B. Data

Founded in 1981, **A.B. Data has earned a reputation** for expertly managing the complexities of class action administration in consumer, antitrust, securities, Securities and Exchange Commission (SEC) enforcement actions, and ERISA, Attorneys General, employment, civil rights, insurance, environmental, wage and hour, and other class action cases. **A.B. Data's work in all aspects of class action administration** has been perfected by decades of experience in hundreds of class action cases involving billions of dollars in total settlements. Dedicated professionals deliver **A.B. Data's all-inclusive services**, working in partnership with its clients to administer their class action cases effectively, efficiently, and affordably, regardless of size or scope.

A.B. Data offers unmatched resources and capacity and is capable of expertly administering any class action notice, settlement, and/or fund administration. Whether notifying millions of class members in the United States or throughout the world, processing millions of claims, distributing payments digitally via A.B. Data's Digital PayPortalSM, or printing and distributing millions of checks, **A.B. Data matches its talent and technology** to the specific needs of its clients, delivering unparalleled service on time and on budget without ever compromising quality.

Location, Ownership Structure

A.B. Data is an independently owned, more than 40-year-old, Milwaukee, Wisconsin-based company that prides itself on its vast expertise and industry-leading innovations. We like to remind our clients and partners that we're not just a class action administration company, but a group of experienced, dedicated professionals who believe that relationships are just as important as the accurate and timely management of class action administrations. In other words, we are people who do business with people.

Services

Every A.B. Data client is deserving of the best job we can put forward. A.B. Data makes class action administration easy for our clients with clarity, convenience, and efficiency. Our priority is to navigate the intricacies of our clients' matters and deliver successful results by using our solid expertise, advanced technology, and top-quality products and services. We pay attention to the details and get it right the first time.

We aim to provide our clients the full experience of a truly collaborative working relationship. It is why we believe much of our success originates from our philosophy of "people doing business with people."

Services

All Digital — From Notice to Distribution

A.B. Data is uniquely positioned to design, implement, and maintain notice and settlement administration programs using an innovative, "all-digital" approach that replaces the more traditional and less efficient methods of administration, such as newspaper ads, mailed notices, and paper checks. Many of our recent proposed notice plans and claim programs utilize the latest technologies such as microtargeted digital ads for notice, streamlined online claims, and distributing settlement funds electronically using a digital paywall. These methods provide significant cost savings, are consistent with the amendments to Rule 23 that are now in effect, and importantly provide much-needed alignment of class action notice and administration with current consumer behaviors.

Pre-Settlement Consultation

The pre-settlement consultation is a collaborative session designed to help A.B. Data clients prepare a stronger case. Our support teams simplify the task of sorting through a maze of documents during investigation and discovery, streamlining the process and preserving fund assets. From there, we assist with fully interactive media packages for court presentations and settlement negotiations. A.B. Data works closely with our clients, offering expert testimony on documents, processing, class and notice manageability, and proposed plans of allocation.

Media Services

A.B. Data continues to earn our reputation as the early innovator in integrating advanced micro-targeting techniques, including contextual targeting, behavioral targeting, and predictive modeling. Coupled with inventive digital media strategies to drive claims, case-specific banner ad development, class member research, and comScore analysis services, our multi-tiered media programs are designed to cost-effectively deliver notice to potential class members and increase claims rates.

Notice Administration

In A.B. Data, clients have a comprehensive resource with a depth of experience in direct notice. Our compliance and understanding of Rule 23 of the Federal Rules of Civil Procedure are crucial in meeting the "plain language" legal requirements for any campaign. From our sophisticated digital media capabilities and extensive global experience with class member research, our experts create notice documents that are easily understandable and cost-efficient to produce. We consult with our clients to deliver notice documents from multi-page, mailed, or emailed notice packets to concise postcards that establish the most influential and cost-effective means of communicating with potential claimants.

Claims Processing

A.B. Data continues to bring game-changing technologies to improve the speed and precision in claims processing. Our robust system for online claims submissions allows us to meticulously verify data and documentation, preserve and authenticate claims, and calculate and verify settlement amounts. In addition, our data network infrastructure includes on-site data storage, backup, contingency plans, and security for electronic and hard copy claim filings. It is all part of a total commitment to be the most innovative and comprehensive resource in the industry. At A.B. Data, we take pride in having the in-house capacity to process millions of pages, as well as the organizational integrity to treat every claim as if it were the only one.

Contact Center

A.B. Data's Contact Center is comprised of a full staff that is trained on and equipped with online and telecommunication systems to monitor and connect with class members. Associates routinely monitor class member communication for all class action administrations, including antitrust, consumer, and securities.

Utilizing monitoring software, associates watch multiple social media channels simultaneously, allowing for instantaneous routing of inquiries and interaction with claimants. Detailed and concise analytical reports outlining Contact Center activities are always provided.

Our Contact Center and case websites are capable of handling millions of class member engagements, as recently displayed in a campaign which garnered over 1.2 million website visits in two months and had more than 72,500 Facebook engagements. Facebook comments and threads are monitored and claimants are guided to the website for more information. Google AdWords and display advertising have also brought hundreds of thousands of visitors to various case websites.

A.B. Data's Contact Center also has Spanish language associates in-house and we can accommodate any language, given proper lead time. Traditional call center facilities are also available, if needed.

Case Websites

We offer a state-of-the-art technology platform that supports every step of our class action administration process. Our expert marketing professionals design customized case-specific websites that provide potential class members easy access to case information, critical documents, important deadlines, as well as the capability to file claim forms and register for future mailings about the case. Claimants can use the website to elect to receive their settlement payments by mail or by one of several digital payment options, all accessible by mobile devices.

Settlement Fund Distribution

From complete escrow services to establishment of qualified settlement funds, check printing and mailing, electronic cash or stock distribution and tax services, A.B. Data has always provided a full-service solution to Settlement Fund Distribution. Our IT team has decades of experience in developing and implementing fast, secure databases and claims administration systems that ensure class members receive the correct amount in their settlement disbursement. Today's digital capabilities allow even greater convenience for class members. In certain instances, claimants can now elect to

instantaneously receive settlement payments through popular digital-payment options, such as PayPal, Amazon, and virtual debit cards.

A.B. Data's Leadership

A.B. Data's administration team is composed of the following key executives, who collectively have decades of experience settling and administering class actions:

Bruce A. Arbit, Co-Managing Director and one of the founders of the A.B. Data Group, serves as Chairman of the Board and oversees the day-to-day operations of the A.B. Data Group of companies, employing almost 400 people in the United States and Israel. Mr. Arbit is also Chairman of the Board of Integrated Mail Industries, Ltd. and has served as a member of the Board of Directors of University National Bank and State Financial Bank. He is the past Chairman of Asset Development Group, Inc., Home Source One, and American Deposit Management and is a member of the National Direct Marketing Association, the Direct Marketing Fundraising Association, and the American Association of Political Consultants. He was named 1996 Direct Marketer of the Year by the Wisconsin Direct Marketing Association.

A.B. Data's work in class action litigation support began with the Court selecting A.B. Data to oversee the restitution effort in the now-famous Swiss Banks Class Action Case, the International Commission on Holocaust Era Insurance Claims, and every other Holocaust Era Asset Restitution program, in which it was the company's job to identify, contact, and inform survivors of the Holocaust. A.B. Data delivered by reaching out to millions of people in 109 countries who spoke more than 30 languages. Since those days, Mr. Arbit has guided the class action division through phenomenal growth and success. Today, A.B. Data manages hundreds of administrations annually that distributes billions of dollars to class members.

Thomas R. Glenn, President, Mr. Glenn's management of A.B. Data's Class Action Administration Company includes designing and implementing notice plans and settlement administration programs for antitrust, securities, and Securities and Exchange Commission settlements and SEC disgorgement fund distributions, as well as consumer, employment, insurance, and civil rights class actions. Mr. Glenn previously served as Executive Vice President at Rust Consulting and has more than 30 years of executive leadership experience.

Eric Miller, Senior Vice President, as a key member of A.B. Data's Class Action Administration Leadership Team, oversees the Case Management Department and supervises the operations and procedures of all of A.B. Data's class action administration cases. Mr. Miller is recognized in the class action administration industry as an expert on securities, SEC, consumer, product recall, product liability, general antitrust, pharmaceutical antitrust, and futures contract settlements, to name a few settlement types. Prior to joining A.B. Data, Mr. Miller served as the Client Service Director for Rust Consulting, responsible there for its securities practice area. He has more than 20 years of operations, project management, quality assurance, and training experience in the class action administration industry. In addition, Mr. Miller manages A.B. Data's office in Palm Beach Gardens, Florida.

Elaine Pang, Vice President, Media, oversees the Media Department and is responsible for the direction, development, and implementation of media notice plans for A.B. Data's clients. Ms. Pang brings more than 15 years of experience in developing and implementing multifaceted digital and traditional media for high profile complex legal notice programs. She uses her experience in class actions and advertising to provide the best practicable notice plans for large scale campaigns across domestic and international regions, and she leverages her expertise to better understand the evolving media landscape and utilize cutting-edge technology and measurement tools. Prior to entering the class action industry, Ms. Pang worked with many leading reputable brands, including General Mills, Air Wick, Jet-Dry, Comedy Central, Madison Square Garden, Radio City Music Hall, and Geox. She earned her MBA from Strayer University and holds a BS in Marketing from Pennsylvania State University. Ms. Pang's credentials include Hootsuite Social Marketing Certification, Google Adwords and Analytics Certification, and IAB Digital Media Buying and Planning Certification.

Paul Sauberer, Vice President of Quality, is responsible for overseeing quality assurance and process management, working diligently to mitigate risk, ensure exceptional quality control, and develop seamless calculation programming. Mr. Sauberer brings more than 20 years of experience as a quality assurance specialist with a leading claims-processing company where he developed extensive knowledge in securities class action administration. He is recognized as the class action administration industry's leading expert on claims and settlement administrations of futures contracts class actions.

Justin Parks, Vice President, is a member of A.B. Data's Class Action Administration Leadership Team. Mr. Parks brings extensive experience in client relations to A.B. Data's business development team. Mr. Parks has over 15 years of experience in the legal settlement administration services industry and has successfully managed and consulted on notice plans and other administrative aspects in hundreds of cases. Mr. Parks is uniquely experienced in Data Privacy matters, having consulted with clients on numerous matters stemming from data breaches as well as violations of the Illinois Biometric Information Privacy Act (BIPA), including some of the first ever Biometric Privacy related settlements in history. Mr. Parks' knowledge and understanding of the class action industry, as well as his client relationship skills, expand A.B. Data's capacity to achieve its business development and marketing goals effectively.

Steve Straub, Vice President, Operations, started with A.B. Data in 2012 as a Claims Administrator. He moved through the ranks within the company where he spent the past five years as Senior Project Manager managing many of the complex commodities cases such as *In re LIBOR-Based Financial Instruments Antitrust Litigation*, *In re London Silver Fixing, Ltd. Antitrust Litigation*, and *Laydon v. Mizuho Bank, Ltd., et al.* Mr. Straub's performance in these roles over the past ten years, along with his comprehensive knowledge of company and industry practices and first-person experience leading the project management team, has proven him an invaluable member of the A.B. Data team.

In his role as Vice President of Operations, his responsibilities include developing efficiencies within the operations center, which includes mailroom, call center, and claims processing areas. His areas of expertise include business process development, strategic/tactical operations planning and implementation, risk analysis, budgeting, business expansion, growth planning and implementation, cost reduction, and profit, change, and project management. Mr. Straub is well-versed in the administration of securities, consumer, and antitrust class action settlements. He earned his Juris Doctor degree from Seton Hall University School of Law in Newark, New Jersey.

Jack Ewashko, Director of Client Services, brings twenty years of industry and brokerage experience to his role with A.B. Data. He is an accomplished client manager adept at facilitating proactive communications between internal and outside parties to ensure accurate and timely deliverables. Mr. Ewashko previously held positions at two claim administration firms where he

oversaw the securities administration teams and actively managed numerous high-profile matters, including the \$2.3 billion foreign exchange litigation. He notably served as Vice President, FX and Futures Operations at Millennium Management, a prominent global alternative investment management firm. As he progressed through trading, analytic, management, and consultancy roles at major banks and brokerage firms, Mr. Ewashko gained hands-on experience with vanilla and exotic securities products, including FX, commodities, mutual funds, derivatives, OTC, futures, options, credit, debt, and equities products. In the financial sector, he also worked closely with compliance and legal teams to ensure accuracy and conformity with all relevant rules and regulations regarding the marketing and sale of products, as well as the execution and processing of trades. He has held Series 4, Series 6, Series 7, and Series 63 licenses, and has been a member of the Futures Industry Association (FIA) and Financial Industry Regulatory Authority (FINRA). Mr. Ewashko earned his Bachelor of Business Administration from Long Island University, Brooklyn, New York.

Brian Devery, Director of Client Services, brings more than a decade of experience in class action administration and project management, as well as over two decades of experience as an attorney (ret.). Mr. Devery currently focuses on consumer, antitrust, employment, and other non-securities based administrations. In addition to driving project administration, he is focused on the implementation of process improvement, streamlining, and automation. Mr. Devery is admitted to practice law in State and Federal Courts of New York with his Juris Doctorate earned from the Maurice A. Deane School of Law at Hofstra University, Hempstead, New York.

Adam Walter, PMP, Director of Client Services, has nearly fifteen years of experience managing the administration of securities class action settlements and SEC disgorgements totaling more than \$4 billion. He has managed settlement programs in engagements involving some of the largest securities class action settlements and is a key contributor to the development of administration strategies that meet the evolving needs of our clients. His responsibilities include developing case administration strategies to ensure that all client and court requirements and objectives are met, overseeing daily operations of case administrations, ensuring execution of client deliverables, providing case-related legal and administration support to class counsel, overseeing notice dissemination programs, implementing complex claims-processing and allocation methodologies, establishing quality assurance and quality control procedures, and managing distribution of settlement funds. Mr. Walter holds a bachelor's degree in business administration from Florida Atlantic University, Boca Raton, Florida. He also has been an active member of the Project Management Institute since 2010 and is PMP®-certified.

Eric Nordskog, Director of Client Services, started with A.B. Data in 2012 on the operations team, managing dozens of team leads and claims administrators in the administration of legal cases and actions. In 2017, Mr. Nordskog was promoted to Project Manager, due in part to his proven ability to add consistency and efficiency to the e-claim filing process with new streamlined processes and audit practices. Today, as Senior Project Manager, he directs many of A.B. Data's securities, insurance, and consumer cases. He regularly oversees the administration of large insurance cases, such as two recent Cigna Insurance matters that involved complex calculations and over one million class members each. He is also the primary hiring and training manager for new project managers and coordinators. Mr. Nordskog earned his Juris Doctor degree from Marquette University Law School, Milwaukee, in 2001.

Eric Schultz, MCSE, Information Technology Manager and Security Team Chairperson, has been with A.B. Data for more than 19 years, and is currently responsible for overseeing all information technology areas for all A.B. Data divisions across the United States and abroad, including network infrastructure and architecture, IT operations, data security, disaster recovery, and all physical, logical, data, and information systems security reviews and audits required by our clients or otherwise. As a Microsoft Certified Systems Engineer (MCSE) with more than 25 years of experience in information

technology systems and solutions, Mr. Schultz has developed specializations in network security, infrastructure, design/architecture, telephony, and high-availability network systems.

Secure Environment

A.B. Data's facilities provide the highest level of security and customization of security procedures, including:

- A Secure Sockets Layer server
- Video monitoring
- Limited physical access to production facilities
- Lockdown mode when checks are printed
- Background checks of key employees completed prior to hire
- Frequency of police patrol – every two hours, with response time of five or fewer minutes
- Disaster recovery plan available upon request

Data Security

A.B. Data is committed to protecting the confidentiality, integrity, and availability of personal identifying information and other information it collects from our clients, investors, and class members and requires that its employees, subcontractors, consultants, service providers, and other persons and entities it retains to assist in distributions do the same. A.B. Data has developed an Information Security Policy, a suite of policies and procedures intended to cover all information security issues and bases for A.B. Data, and all of its divisions, departments, employees, vendors, and clients. A.B. Data has also recently taken the necessary, affirmative steps toward compliance with the EU's General Data Protection Regulation and the California Consumer Privacy Act.

A.B. Data has a number of high-profile clients, including the Securities and Exchange Commission (SEC), the United States Department of Justice, the Attorneys General of nearly all 50 states, other agencies of the United States government, and the Government of Israel, as well as direct banking and payment services companies with some of the most recognized brands in United States financial services and some of the largest credit card issuers in the world.

We are therefore frequently subjected to physical, logical, data, and information systems security reviews and audits. We have been compliant with our clients' security standards and have also been determined to be compliant with ISO/IEC 27001/2 and Payment Card Industry (PCI) data-security standards, the Gramm-Leach-Bliley Act (GLB) of 1999, the National Association of Insurance Commissioners (NAIC) Regulations, the Health Insurance Portability and Accountability Act (HIPAA) of 1996, and the Health Information Technology for Economic and Clinical Health Act (HITECH).

The Government of Israel has determined that A.B. Data is compliant with its rigorous security standards in connection with its work on Project HEART (Holocaust Era Asset Restitution Taskforce).

A.B. Data's fund distribution team has been audited by EisnerAmper LLP and was found compliant with class action industry standards and within 99% accuracy. EisnerAmper LLP is a full-service advisory and accounting firm and is ranked the 15th-largest accounting firm in the United States.

In addition, as part of PCI compliance requirements, A.B. Data has multiple network scans and audits from third-party companies, such as SecurityMetrics and 403 Labs, and is determined to be compliant with each of them.

Fraud Prevention and Detection

A.B. Data is at the forefront of class action fraud prevention.

A.B. Data maintains and utilizes comprehensive proprietary databases and procedures to detect fraud and prevent payment of allegedly fraudulent claims.

We review and analyze various filing patterns across all existing cases and claims. Potential fraudulent filers are reported to our clients as well as to the appropriate governmental agencies where applicable.
